Bo Norrving

Stroke systems and systematics

Lundbeck Foundation

The Brain Prize Lecture

Michael A Moskowitz

The trigeminovascular system as a template for discovery in migraine

Charles-Éduard Brown-Sequard Lecture

Kailash P. Bhatia

The translational clinician: big gains from small observations

Camillo Golgi Lecture

Hans Lassmann

The Contribution of Neuropathology to Multiple Sclerosis Research

ean congress Europe 2022

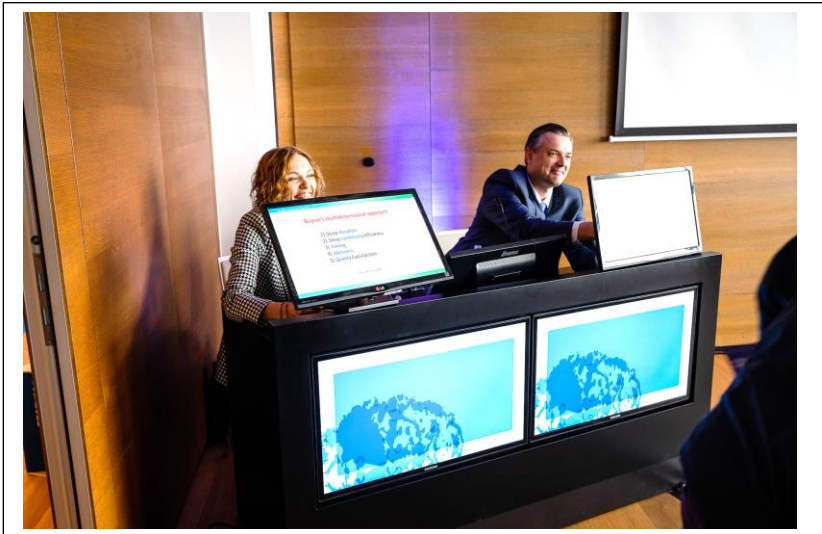

2021* and 2022 Lecturers:

B. Norrving - K.P. Bhatia – J.C. Baron* - H. Chabriat* – G.M. Halmágyi* - T. Marson – H. Lassmann – C. Bassetti

Networking Session: Challenges for Women in Neurology

And other EAN Sessions

EAN Plenary Session, Monday, July 27, 2022

10:00 - 12:00 Improving lives and reducing burden: What evidence do we need to implement?

CHAIR : MAURIZIO A. LEONE

UNIVERSITY OF BIRMINGHAM

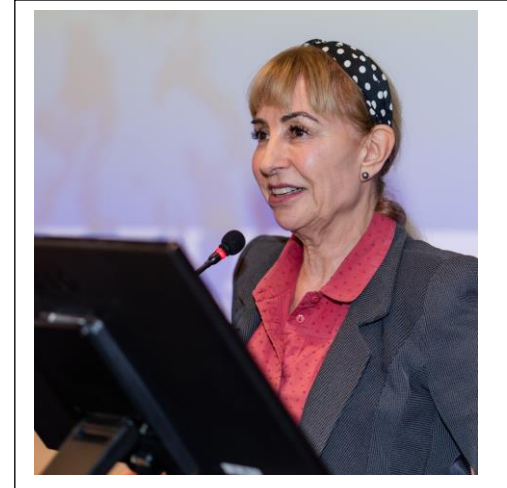

Do neurology trials inform everyday clinical practice? If not, why not and what should be done to make sure they do?

Professor Carl E Clarke
University of Birmingham, UK

Carl E. Clarke

Do neurology trials inform everyday clinical practice? If not, why not and what should be done to make sure that they do?

10:00 - 12:00 Improving lives and reducing burden: What evidence do we need to implement?

CHAIR : MAURIZIO A. LEONE

Guideline Production Group

m.leone@operapadrepio.it
maurizio.leone@marionegri.it

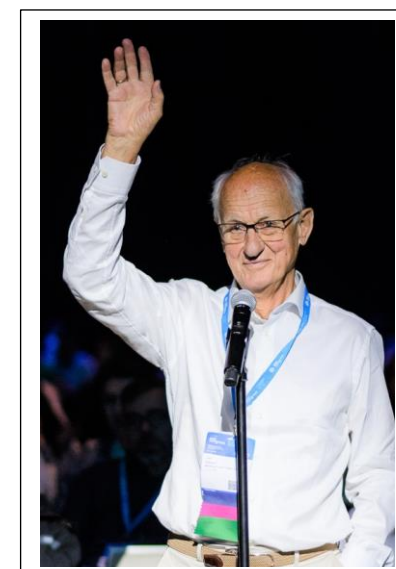

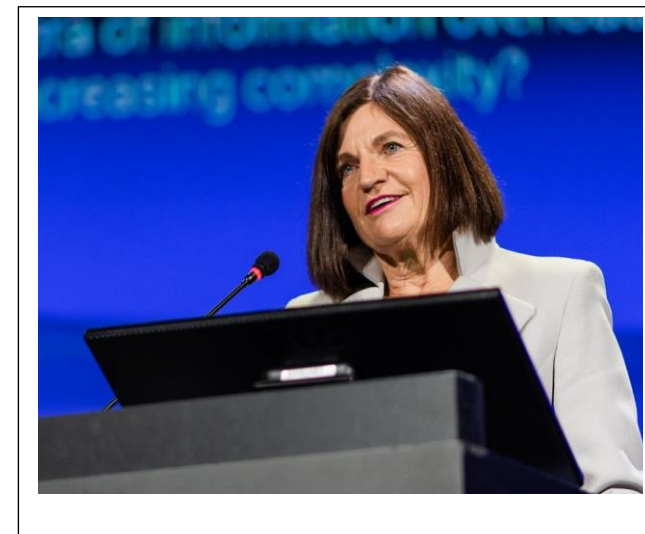

Maurizio A. Leone

Are guidelines a useful tool for improving outcomes in neurology?

Michael Brainin, Antonio Federico

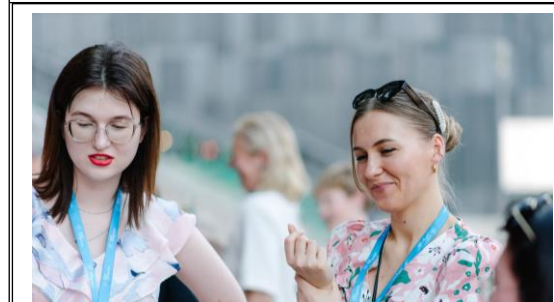

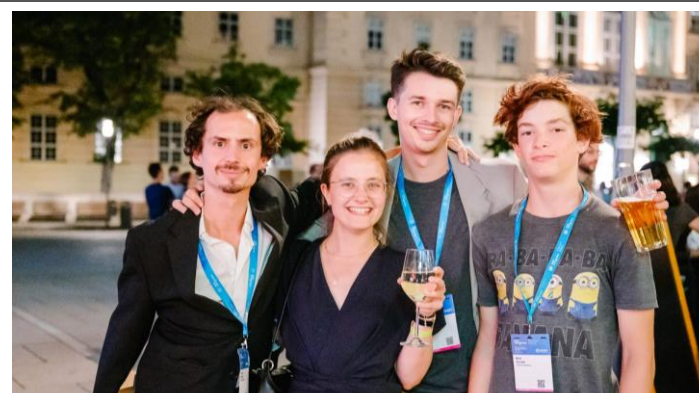

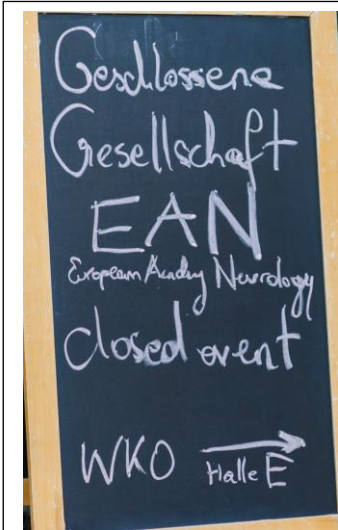

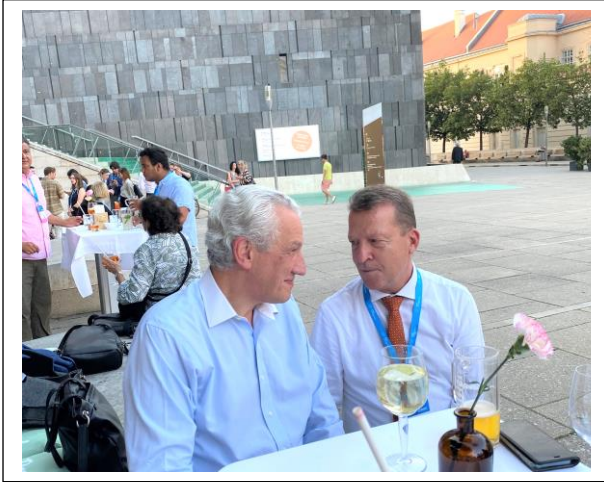

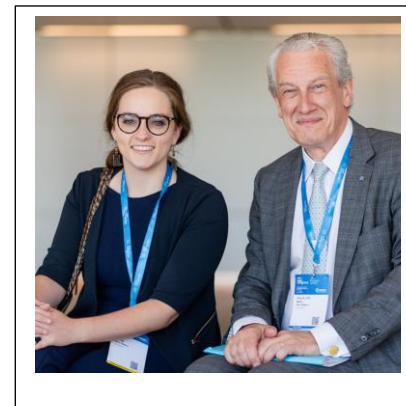

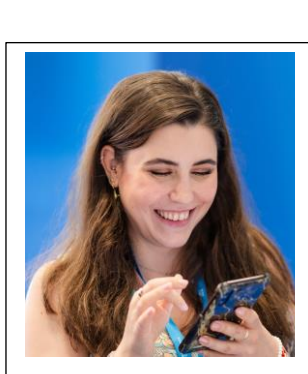

Cristina Granziera

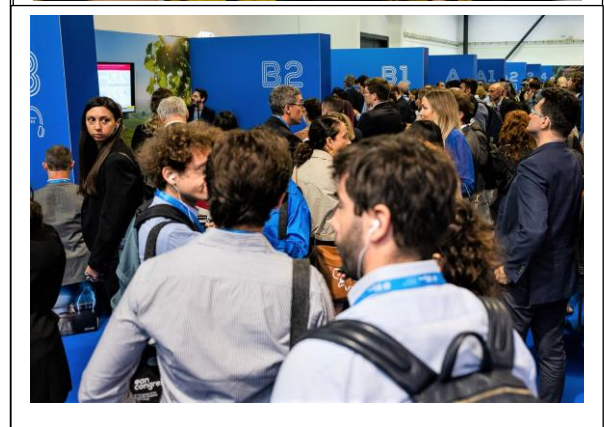

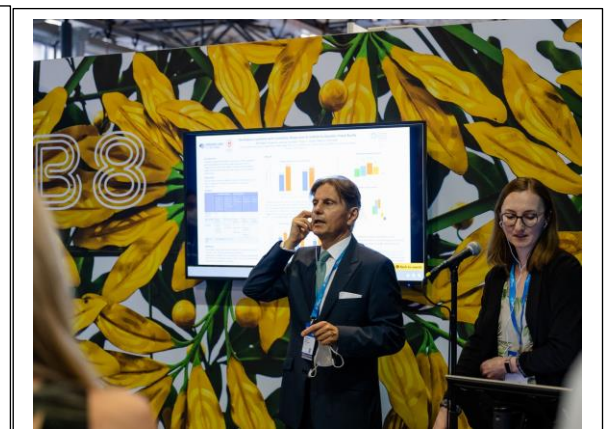

Q & A

Networking - Monday, July 27, 2022 in the Museum Quarter near the EAN Head Office

ePoster + ePresentation Area

Teaching – Sunday – Monday, June 26 – 27, 2022

15:00 - 18:15 Differential diagnosis and management approach to Transient Ischemic Attacks (TIA).
CHAIR : ELENA LEBEDEVA

Definition

<p>MIMIC</p>	<p>CHAMELEON</p>
<p>Similar clinical presentation Diagnosis TIA / stroke: wrong False positive at admission: 10% to 49%</p>	<p>Unusual clinical presentation Diagnosis mimic: wrong False negative at admission: 2-26%</p>

Cecilia Rajda
Differential diagnosis: TIA and paroxysmal symptoms in multiple sclerosis.

Tumor-like MRI lesions: Interdisciplinary management (L1)
CHAIR : RICCARDO SOFFIETTI

PET WITH ¹⁸F-FDG FOR A NEWLY DIAGNOSED PRIMARY CNS LYMPHOMA

Riccardo Soffietti
Gaining additional information using PET Imaging in the diagnosis of glioma.

Coma – what's new?
CHAIRS : RAIMUND HELBOK, AURORE THIBAUT

Aureore Thibaut

Raimund Helbok

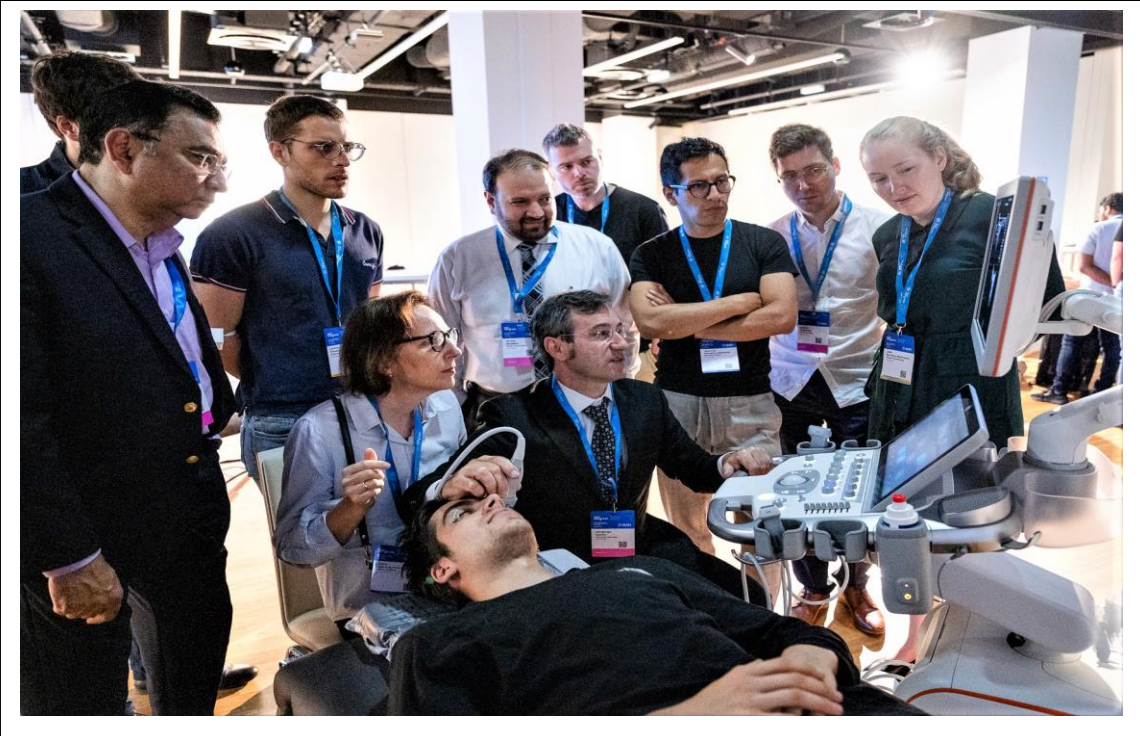

Tournament Participants

EAN - Mentoring Programme Workshop

Hands On Courses - Scientific Theater

4:30 - 15:00 The European Journal of Neurology, the scientific journal of the EAN

Editorial team

Andrew Chan, Kristl Vonck, Didier Leys, Claudia Sommer, Mark Edwards

The "historical" editorial team

CONGRESS HIGHLIGHTS

OPENING SESSION – 1 JULY, 19:00 – 20:00

The opening session of the EAN is traditionally accompanied by an exceptional opening lecture, which this year will be given by:

Thomas C. Südhof
Nobel Prize awardee in Physiology or Medicine 2013
Towards a cell biology of Alzheimer's disease

PRESIDENTIAL SYMPOSIUM – 2 JULY, 11:00-12:30

The Presidential Symposium is one of the most prestigious sessions at EAN Congresses and the European Academy of Neurology is honored to present this year's speakers of this session:

Mary M. Reilly
Moritz Romberg Lecture
The continuous circle of translation

Josep Dalmau
Camillo Golgi Lecture
Autoimmune synaptic diseases: the basic and the latest

Silvia Arber
Brain Prize Lecture
Circuits for body movements

Mark Hallett
Charles-Edouard Brown-Sequard Lecture
Experimental Medicine and Functional Neurological Disorders
